## To the teacher

This book can be used in class or for self-study. It is intended for learners at the upper A2 level and B1 level on the Council of Europe scale, and teaches more than 2,000 words and phrases. The vocabulary is organised around common everyday topics, but also contains units on different aspects of language such as phrasal verbs, uncountable nouns and link words and phrases. These units provide key information about lexis, but also help to ensure that learners are exposed to the most important vocabulary for their level. The first four units are dedicated to aspects of vocabulary learning such as record keeping and dictionary use. The book has been written so that units can be studied in any order, but I recommend you look at these four study units first, as they provide learners with important advice about vocabulary learning in general.

Throughout the book, vocabulary items have been chosen for their usefulness in a wide range of everyday situations, and this task has been made easier by having access to the English Profile (EP). Forming part of a large research programme sponsored by the Council of Europe, the EP helps teachers and students identify the words or phrases that a learner can be expected to know at each level of the Common European Framework. The words and phrases have mainly been selected using the Cambridge Learner Corpus, examination wordlists and classroom materials, and in this book the main focus is on words and phrases at the upper end of the A2 level and across the B1 level.

Much of the new vocabulary (on average about 25 items per unit) is presented through different types of text, and then explained immediately after the item appears, or in a separate glossary below the text; some words are presented in tables or lists, and contextualised in sentence examples; some of the new vocabulary is presented in pictures and diagrams.

The new vocabulary is then practised on the right-hand pages through a wide range of exercise types. These pages generally progress from easier to more difficult exercises, with items often tested receptively first, e.g. through a matching or grouping exercise, before moving on to more challenging productive exercises such as gap-fill texts or sentence transformations. In many units, the final exercise is called **Over to you**. This indicates a personalised exercise, in which learners have an opportunity to use some of the new vocabulary to talk about themselves, their lives and their country, and sometimes to express their own personal opinions. These make ideal classroom speaking activities for pairs or groups, but many of the exercises on the right-hand page can be adapted for speaking practice. For example, where there are short question and answer dialogues, students can first read the dialogues out loud, then one student can ask the questions, and their partner has to respond appropriately using target vocabulary from the unit, but without referring to the book.

There is a comprehensive Answer key at the back of the book, as well as an Index of all the vocabulary taught with a phonemic pronunciation guide and a unit reference to where each item appears.

We hope you enjoy using this new edition.

**A****Using this book**

It's a good idea to have a **routine** when you use this book. [something you do often and usually in the same way] For example:

- a **weekly** routine when you study a new unit for **at least** [not less than] 30–45 minutes;
- a **daily** routine when you **revise** that unit. [study it again] You may only need to revise for five or ten minutes each time.

**1.1****Over to you**

**Write your answers.**

**1** How often can you spend at least half an hour or forty-five minutes on a unit?

.....

**2** How often can you revise? How much time can you spend when you revise? Where will you do it?

.....

**B****Studying a new unit**

When you are studying a unit for the first time, you need to be **active** when you are learning.

- With a new word or phrase, **say it aloud** [speak it so you can hear it], and repeat it to yourself **silently** [in your head, not speaking]. If you have the eBook that goes with the book, use it to check the pronunciation.
- Use a **highlighter pen** to mark words you think are important or difficult.
- Write down new words and phrases in your notebook. (See [Unit 2](#) for more information.)
- Always try to write an example sentence for new words. You can choose an example from this book or a dictionary, but an example from your own life will often help you to remember a word, e.g. *I shared a flat with an Australian girl when I was in London last year.*
- Do exercises in pencil, then you can **rub** them **out** (using a **rubber**) and do them again later. This is a good way to revise vocabulary.

**1.2****Over to you**

**Write your answers.**

**1** Which of these things do you do now when you are learning vocabulary?

.....

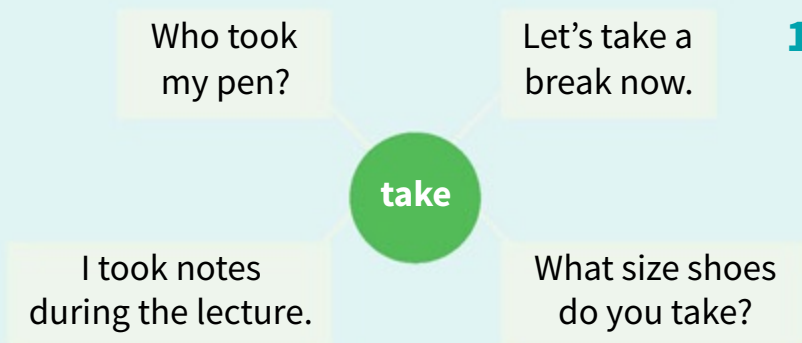

**2** What will you do in the future? .....

.....

**C****Revising a unit**

When you are revising a unit one or two days later, it is also important to be as active as possible.

- Test yourself, e.g. look at a word and cover the meaning. Can you remember what the meaning is? If you can't, check the meaning, then come back to the word in five minutes' time and test yourself again.
- Look at what you wrote in your notebook when you first studied the unit. Is there any new information you want to add, e.g. something about the pronunciation, or a common word partner? (See [Unit 2](#).)
- Diagrams may help you to organise some of the vocabulary differently, and help you to remember it.

1.3

Over to you

Write your answers.

- 1 Do you revise vocabulary that you study? If so, how often? .....
- 2 Will you try to revise more often in the future? If so, will you use some of the ideas above? .....

D Expanding\* your vocabulary

- When you learn a word, e.g. *dirty*, think of **synonyms** (*syn*) [words with a similar meaning] or **opposites** (*opp*) in your language. Look them up in a bilingual dictionary to find the English words, then look up the English words in an English dictionary to check the meaning. From this, you will find that the opposite of *dirty* is *clean*, and you may also find **filthy** [very *dirty*].
- \* making something bigger

1.4 Using this method, find opposites for the words in bold.

- 1 My room is very **clean**. *opp* *dirty* .....
- 2 It's a **permanent** job. *opp* .....
- 3 He was **kind** to all of his animals. *opp* .....
- 4 Babies have very soft, **smooth** skin. *opp* .....
- 5 Where's the **entrance**? *opp* .....
- 6 Was the bird **dead**? *opp* .....
- 7 Did they **accept** the invitation? *opp* .....

- Building word families (see Units 70–72) will also help to expand your vocabulary. From a noun, verb or adjective, you can often find related words in the dictionary with a similar meaning. So, you can often learn two or three words, and not just one, e.g. **argue** *v* = have an angry discussion; *n* = **argument**.

1.5 Use a dictionary to find the related parts of speech for the words in bold.

- 1 She gave me some **advice**. *verb* *advise* .....
- 2 We mustn't **argue**. *noun* .....
- 3 I will have to **revise** this unit. *noun* .....
- 4 Is there a **choice**? *verb* .....
- 5 I want to **expand** my vocabulary. *noun* .....
- 6 The two boys are very **different**. *noun* ..... *verb* .....
- 7 They need to **communicate** more. *noun* ..... *adj* .....

- Try to read and listen to English as much as possible. The more you read and listen, the more you will learn. When you read, try to:
  - **Highlight** or underline interesting new words.
  - Highlight words if they are familiar but you can't remember the meaning.
- There is a lot of spoken English on the Internet which you can play again and again. Try to make a note of interesting words and look up the meaning.

1.6 Over to you

Now choose a unit that interests you. Study the left-hand page, then do the exercises in pencil. Wait for at least 24 hours, revise the unit, then answer these questions.

- 1 How many answers did you get right the first time? .....
- 2 How many answers did you get right the second time? .....

## A

## What do you do?

This is what some students do.

**RAFAEL**

I **write down** new English words and phrases in my notebook, and next to each one I write a Spanish **translation**. I usually write down if a word is a *noun, verb, adjective*, and so on.

**KAZUO**

I sometimes write a word in phonemics because English pronunciation is very difficult for me. But my notebook is a **mess** [nothing is in a good order; *syn untidy*]. I like to **draw** pictures.

**EUN**

I sometimes **make a note of** new words in my notebook, but I often **forget** [don't remember]. I usually write a translation, and sometimes I write example sentences as well.

**ANDREY**

I've got a notebook. I don't use it much but when I do, I try and list words by **topic**, so I put all the animals together, and all the clothes words together, and so on. I find it's easier to remember the words this way.

**DONATA**

I **note down** new words and phrases. Sometimes I **translate** them **into** Polish, and sometimes I write an **explanation** [a description of what something means] in English if it is not difficult. For example:  
*kitten – a very young cat*

## B

## Tips for your notebook

A **tip** is a piece of advice to help you. Here are some tips for your notebook.

- Put words from one **topic** in the same place, e.g. food in one place, clothes in another, etc. Don't **mix** them **up** [put them together with no order]. You can also have grammar topics, e.g. 'uncountable nouns', or a page for words that all have a connection, e.g. words and phrases that were all in a story you read in English. Some words and phrases will go in more than one topic.
- If you can't find a topic for a new word or phrase, e.g. *useful* or *in particular*, put them in a different place in your notebook, e.g. a page for each day or each week, or perhaps one page for every English lesson you have. Write the **date** clearly at the top, e.g. Monday 14<sup>th</sup> May.
- When you write down new vocabulary, write a translation if it is **necessary** [you need it; *opp unnecessary*], but also write the meaning in English if it is possible, or draw pictures.
- If possible, add synonyms, opposites, other parts of speech, etc. (See [Unit 1](#).)  
**awful** *adj* = terrible (*syn dreadful*)  
**enjoy** *v* = like something and get pleasure from it    *n* = **enjoyment** *adj* = **enjoyable**
- Example sentences help you with the grammar of a word, or with word partners (collocations).  
I **enjoy living** in a big city. (NOT I enjoy ~~to live~~ in a big city.) (See [Units 87–8](#).)  
I **spent two weeks in** Rome. (NOT I ~~passed~~ two weeks in Rome. You spend time in a place.) (See [Unit 74](#).)
- Remember, words often have more than one meaning that you need to know, e.g. a **tip** is also money that you give, for example, to a waiter for serving you in a restaurant.

# Exercises

**2.1 Organise the words into the topics below. One word can go in two different topics. Use a dictionary to help you.**

diet	branch	lay the table	count v	dig v	ground	flour	add up
raw	leaf	minus	butcher	thousand	frozen	zero	butterfly

food	garden	numbers
<i>diet</i>		

**2.2 Explain these words in English, or draw a picture, or if you think an explanation is too difficult and a drawing is not possible, write a translation instead.**

- raw *not cooked* .....
- dig .....
- butcher .....
- leaf .....
- flour .....
- lay the table .....
- add up .....
- minus .....

**2.3 What information could you include with these words? The answers are all on the opposite page.**

- forget *opposite – remember* .....
- awful .....
- necessary .....
- translate .....
- tip .....
- enjoy .....

**2.4**

## Over to you

Answer the questions. If possible, compare your answers with someone else.

- Look again at what the students said on the opposite page. What are the good things that they do? Underline them.
- Do you do all of these things? .....
- Is there anything you don't do now, but will do in the future? .....
- At the moment, which person's notebook is most like your notebook? .....
- What are the most useful tips on the opposite page for you? .....

## A What dictionaries do I need?

A **bilingual** dictionary [using two languages] is easy for you to understand, and quick and easy to use. A dictionary in English will give you reading practice in English and many more examples of how words are used. If possible, use both. These are good dictionaries in English for your level, and most of them are available online:

*Cambridge Learner's Dictionary*  
*Longman Active Study Dictionary*

*Oxford Wordpower Dictionary*  
*Macmillan Essential Dictionary*

## B Information in dictionaries

If you **look up a word** [find a word in a dictionary] using the *Cambridge Learner's Dictionary*, the information is shown like this:

**fun**<sup>1</sup> /fʌn/ *noun* [u]

**1** enjoyment or pleasure, or something that gives you enjoyment or pleasure  
*She's great fun to be with.*  
**Have fun!** (= enjoy yourself)  
*It's no fun having to work late every night.*

**2** for fun/for the fun of it for pleasure and not for any other reason

**3** make fun of sb/sth to make a joke about someone or something in an unkind way.  
*The other children at school used to make fun of his hair.*

**Annotations:**  
 - pronunciation using phonemic symbols (see page 247)  
 - a definition explains the meaning  
 - bold italics show common word partners (see Unit 74)  
 - part of speech (= noun)  
 - [U] tells you that fun is uncountable (see Unit 86)  
 - fixed phrases using the word are shown in bold (see Units 75-6)  
 - examples are in italics

### 3.1 Correct the spelling mistakes. Use a dictionary to check your answers.

- |                |               |                |       |
|----------------|---------------|----------------|-------|
| 1 allways      | <i>always</i> | 6 confortable  | ..... |
| 2 realy        | .....         | 7 accomodation | ..... |
| 3 unfortunatly | .....         | 8 beautifull   | ..... |
| 4 expecially   | .....         | 9 unbeleivable | ..... |
| 5 cloths       | .....         | 10 necessary   | ..... |

### 3.2 In the word *island* /'aɪlənd/, the letter 's' is silent (not pronounced). Use your dictionary to find the silent letters in these words.

- 1 knee                      2 comb                      3 castle                      4 salmon                      5 receipt

## C Defining words

'Defining words' are words that dictionaries use when they **define** [explain] the words in the dictionary. Some of these are quite common.

**emphasise** [give something more attention and importance], e.g. My teacher has always emphasised the importance of writing down new words in a notebook.

**relating to** or **connected to/with** [having a relationship with someone or something], e.g. *musical* is connected with / related to *music*

**amount** [how much there is of something], e.g. £5 million is a large amount of money.

**official** [done by the government or someone in authority], e.g. A passport is an official document.

**behave** [do or say things in a particular way], e.g. People can behave strangely when they're nervous.

## Exercises

## 3.3 Complete the dictionary definitions using words from the box.

connected with   emphasise   relating to   behave   official   amount

- 1 **industrial** /*in'dʌstriəl*/ 1 adjective *connected with* ..... industry
- 2 **sum** /*sʌm*/ noun [C] an ..... of money
- 3 **pretend** /*prɪ'tend*/ verb [I,T] to ..... as if something is true when it is not
- 4 **certificate** /*sə'tɪfɪkət*/ noun [C] an ..... document that gives details to show something is true
- 5 **not at all** /*nɒt ət ɔ:l*/ used instead of 'no' or 'not' to ..... what you are saying: I'm not at all happy about it
- 6 **legal** /'li:ɡəl/ adjective ..... the law

## D

## Using a dictionary

- When you use a dictionary to check the meaning of a word, put a **tick** (✓) next to it. Each time you return to a page with a tick, **see** [find out] if you remember the word.
- When you meet a new word or phrase in a text, first try to **guess the meaning** [try to think of the meaning when you don't know it]. Then, use a dictionary to see if your **guess** was correct.
- Don't just read the dictionary definition. Example phrases and sentences show you how a word or phrase is used, and they help you to understand the meaning more clearly.
- If you look up a word in a bilingual dictionary and get two or three different translations, check these words in an English dictionary to see which translation is the best one for the situation.
- Remember that many words have more than one meaning. The first meaning in the dictionary is not always the one you want. You may need to read through the different meanings.

## 3.4 Answer the questions, and use an English dictionary to check the answers.

- 1 What does *puppy* mean? *It's a very young dog.* .....
- 2 Is the correct spelling *organize* or *organise*? .....
- 3 What part of speech is *extremely*? .....
- 4 What kind of noun is *advice*? .....
- 5 What preposition follows the verb *rely*? .....
- 6 Look up *friend*, and then the words in **bold** that are often used with it. Can you complete these phrases? *She's an ..... friend; he's my ..... friend; you ..... friends with people.*

3.5 Match the sentences on the right with the different meanings of *post* on the left.

**post**<sup>1</sup> /*pəʊst*/ noun

<p><b>1 System</b> [no plural] UK (US mail) the system for sending letters, parcels, etc <i>Your letter is <b>in the post</b>.</i> <i>I'm sending the documents <b>by post</b>.</i></p>	<p><b>3 Job</b> [c] formal a job <i>A part-time post.</i> <i>A teaching post.</i></p>
<p><b>2 Letters</b> [u] UK (US mail) letters, parcels, etc that you send or receive <i>Has the <b>post</b> arrived/come yet?</i></p>	<p><b>4 Pole</b> [c] a long, vertical piece of wood or metal fixed into the ground at one end. <i>I found the dog tied to a <b>post</b>.</i></p>

- 1 He's applied for a post overseas.
- 2 Did you send the cheque by post?
- 3 I tied the flag to a post.
- 4 We haven't had any post yet.

## A Parts of speech

“I have a brown leather chair by the window, and I often sit there in the morning to listen to music.”

In the sentence above, *I* is a **pronoun**; *chair*, *window*, *morning* and *music* are all **nouns**; *have*, *sit* and *listen* are **verbs**; *brown* and *leather* are **adjectives**; *often* is an **adverb**; *by* and *to* are **prepositions**; *the* is a **definite article**; *a* is an **indefinite article**; *and* is a **conjunction** or **link word**.

Here are two more examples:

“We saw an elephant at the zoo yesterday.”

*Elephant* and *zoo* are nouns; *saw* is a verb; *at* is a preposition; *an* is an indefinite article; *the* is a definite article.

“It was a cold night, so I walked quickly.”

*Was* and *walked* are verbs; *cold* is an adjective; *night* is a noun; *quickly* is an adverb; *so* is a link word.

## B Grammar

When you are learning vocabulary, you need to know certain things about different words; for example, if nouns are **countable**, e.g. *books*, *apples*, *chairs*; or **uncountable**, e.g. *information* (NOT *informations*), *advice* (NOT *advices*). (See [Unit 86](#).)

With verbs, you need to know if they are **regular**, e.g. *work*, *live*, etc; or **irregular**, e.g. *go/went*, *take/took*. You will also need to learn the grammar of **phrasal verbs**, e.g. *take something off*, *wake up*. (See [Units 79–80](#).)

You also need to learn certain groups of words as **phrases**, e.g. *at the moment*, *never mind*, *see you later*. (See [Units 75–6](#).)

## C Word building

In the word *uncomfortable*, *un-* is a **prefix**, and *-able* is a **suffix**. Other common prefixes include *in-* and *dis-*, e.g. *incorrect* and *dislike*. Common suffixes include *-ment* and *-ive*, e.g. *improvement* and *attractive*. (See [Units 70–72](#).)

## D Pronunciation

Dictionaries show the pronunciation of a word using **phonemic symbols**, e.g. *book* /bʊk/, *before* /bɪ'fɔː/, *cinema* /'sɪnəmə/.

Every word has one or more **syllables**, e.g. *book* has one syllable, *before* has two syllables, *cinema* has three syllables.

It is important to know which syllable to **stress**, e.g. on *before* it is the second syllable (be'fore), on *cinema* it is the first syllable ('cinema). The vertical mark ' shows where the stressed syllable begins.

## E Punctuation

Every sentence must begin with a **capital letter** and end with a **full stop**. Some sentences have a **comma**, which often shows a **pause** [when you stop reading or speaking for a short time] in a long sentence. Did you also know that a question must end with a **question mark**?

# Exercises

## Weather conditions

Notice that it is very common to form adjectives by adding -y.

noun	adjective	noun	adjective	verb
fog	<b>foggy</b>	<b>sun</b>	<b>sunny</b>	the sun is <b>shining</b>
cloud	<b>cloudy</b>	<b>wind</b>	windy	the wind is <b>blowing</b>
<b>the cold</b>	cold	snow	<b>snowy</b>	it's <b>snowing</b>
ice	<b>icy</b>	rain	<b>wet</b>	it's raining

There are common word partners to describe weather conditions:

It was very cloudy this morning, but the **sun came out** after lunch. [appeared]

The accident happened in **thick fog** [bad fog].

We had some **heavy rain** at the weekend. [a lot of rain; *opp* **light rain**]

## SHOPPING &amp; MONEY

How do supermarkets **make us**<sup>1</sup> spend more money?

They put **fresh**<sup>2</sup> bread, as it smells lovely, near the **entrance**<sup>3</sup> to make us feel hungry – and hungry shoppers spend more. They also rearrange things and put them in different places; this makes us spend more time in the store and that means spending more money. They put sweets and chocolate near the checkout, so it is easy to add bars of chocolate to our basket or trolley while we are waiting in the **queue**<sup>4</sup>. And they put the most expensive **items**<sup>5</sup> on the middle shelves where you are more **likely**<sup>6</sup> to see them. And be careful of **special offers**<sup>7</sup>, e.g. three for the price of two. People often buy more than they need and **throw away** half of it.

<sup>5</sup> an *item* is a single thing

<sup>6</sup> If you are likely to do something, you will probably do it.

<sup>7</sup> cheaper prices than normal

## Shopping centres and street markets

Some people like modern **shopping centres**<sup>1</sup> because everything is **under one roof**<sup>2</sup> and it is **convenient**<sup>3</sup>. There's a **wide range**<sup>4</sup> of shops, and if there is anything wrong with something you buy, the shop will **replace**<sup>5</sup> it, or give you a **refund**<sup>6</sup>.

Other people prefer going to **street markets** because they like the **atmosphere**<sup>7</sup> you get from the different **stalls**. Food and clothes are also usually cheaper in street markets. Sometimes you can try to agree a lower price for something you buy in a street market; we call this **haggling**. Of course, if you don't like what you buy in a street market, you can't normally take it back and get a refund.

## How are they getting on?\*

This is what Nastya, an English teacher, thinks about some of her students.

“Jade has a **wide vocabulary** [knows a lot of words] and speaks very **accurately** [without mistakes], but she needs to practise her speaking more in order to become more **fluent** [able to speak naturally without stopping].”

“Angel is quite fluent, but his **accent** [the way he pronounces words] is not very good. In particular, he has problems with certain **consonants** [letters of the **alphabet** (a–z), which are not the **vowels** a, e, i, o, u].”

“Jose has no problem **making himself understood** [saying things in a way people understand], but he needs to **increase** his vocabulary [make it bigger], because at the moment it’s quite **basic** [elementary; *syn* **simple**].”

“Olga is always **willing to** [happy and ready to] **experiment** with language [try something new to see what it is like]. For that reason she sometimes **gets things wrong** [makes mistakes], but she learns from her mistakes and she’s making a lot of progress.”

“Andreas is a fantastic language learner. He **picks things up** [learns things without trying] very quickly, and he **has a good ear for language** [is good at hearing, repeating and understanding sounds and words].”

\*What progress are they making?

Nastya

## Examinations

## Language help

Before taking an exam, you **revise for** the exam. [study /prepare for the exam] Sometimes you can also **retake** an exam. [do it again]

“My students are **taking** the Cambridge English: First **exam** in June, and for some of them it will be **hard work**<sup>1</sup>. I think Angel might fail, but he’s **doing his best**<sup>2</sup>, so with a bit of luck he might pass. I expect most of the others to pass. Andreas is a strong **candidate**<sup>3</sup>, and I’m sure he’ll get a good **grade** (*syn* **mark**). I think Jade and Olga will also **do well**.

At the moment I’m trying to **get through**<sup>4</sup> the coursebook so that we can do some **revision**<sup>5</sup>. I think the most important thing is to do some **exam preparation**<sup>6</sup>. Today I want the students to **do/write an essay**<sup>7</sup>. Most of them still find it difficult to write accurately, so I need to **work on** that with them.”

How do you decide which films you are going to see?

If it's a **horror film** [a film that makes people frightened, e.g. *Dracula*], I usually go and see it. I love horror films.

Hi Tom

I've just arrived in Rome but I'm still recovering from a really terrible <sup>1</sup> flight. When we were in the airport in Manchester there was an <sup>2</sup>   telling us that there would be a one-hour <sup>3</sup>   because of bad weather, but when we finally <sup>4</sup>   the plane, there was a further delay before we could <sup>5</sup>  . There was more bad weather over France, and we all had to <sup>6</sup>   our seat belts, which worried me a bit. In fact, I was almost sick, but the cabin <sup>7</sup>   were really nice.

It was still raining and very windy when we <sup>8</sup>   in Rome and I was really glad to get off the plane and get into the <sup>9</sup>   building. I really hope the return <sup>10</sup>   is a lot better.

See you soon.

Ellie

## A The problem

**WHAT IS THE GREENHOUSE EFFECT?**

Many **greenhouse gases**, e.g. carbon dioxide, methane and ozone, **exist**<sup>1</sup> naturally and are needed to **create**<sup>2</sup> the **greenhouse effect** that keeps the Earth warm enough to **support**<sup>3</sup> human life. However, the use of **fossil fuels**, e.g. **oil**, natural gas and coal, has produced **excessive**<sup>4</sup> amounts of greenhouse gases, and the **result**<sup>5</sup> is **global warming**: an increase in the average temperature on Earth. Of the 15 warmest years **on record**<sup>6</sup>, 14 have **occurred**<sup>7</sup> since 2000.

To stop global warming from **destroying**<sup>12</sup> our **environment**<sup>13</sup>, we need to act now.

The **effects**<sup>8</sup> of **climate change** can already be seen in our everyday lives. Summers are getting hotter and winters are getting wetter, so **drought**<sup>9</sup> and **floods**<sup>10</sup> are becoming more common. With it, animal and plant life is **suffering**<sup>11</sup> – some species will disappear altogether – and certain illnesses, e.g. hay fever, asthma and skin cancer, are becoming more common.

<sup>11</sup> experiencing something which is unpleasant

<sup>12</sup> damaging something so badly that it does not exist or cannot be used

<sup>13</sup> the air, land and water around us

## B The solution\* – or part of it

To **reduce** global warming [make it less], the nations of the world will have to **act** together [do something to solve a problem; *syn take action*]. In the meantime, individuals can also help.

**SIX WAYS TO REDUCE GLOBAL WARMING:**

- 1 Don't **throw** things **away** – **recycle** paper, glass, plastic, etc. so that it can be used again.
- 2 **Save**<sup>1</sup> **energy**<sup>2</sup> e.g. **switch off** lights when you leave a room.
- 3 Don't **waste**<sup>3</sup> water, e.g. turn off the **tap** when you are brushing your teeth.
- 4 Change **light bulbs** for more **energy-efficient**<sup>4</sup> ones.
- 5 Drive less and walk more.
- 6 **Plant trees**<sup>5</sup> because trees reduce the amount of carbon dioxide in the atmosphere, and so reduce greenhouse gases.

\* the answer to a problem

<sup>1</sup> don't waste

<sup>2</sup> gas and electricity

<sup>3</sup> use it badly

<sup>4</sup> working well and not wasting energy

Prefixes, e.g. **un-**, **dis-**, **im-**, can be added to some adjectives to give the opposite meaning.

## C

## Verb + noun suffix

Suffixes are used at the ends of words; they often tell you if a word is a noun, a verb, an adjective or an adverb. Two suffixes which form nouns from verbs are **-ion** and **-ment**.

verb	noun
<b>invent</b> [produce or design something completely new]	<b>invention</b>
<b>discuss</b> [talk about something seriously]	<b>discussion</b>
<b>translate</b> [change from one language to another]	<b>translation</b>
<b>relax</b> [rest, and feel calm and comfortable]	<b>relaxation</b>
<b>improve</b> [get better]	<b>improvement</b>
<b>govern</b> [control the affairs of a city or country]	<b>government</b>
<b>manage</b> [direct or control a business]	<b>management</b>
<b>develop</b> [grow or change and become more advanced]	<b>development</b>

His latest **invention** is a new board game.  
**Relaxation** will help you to sleep better.  
 We had a **discussion about** politics.

The **management** has to change.  
 I need money for more **development**.  
 We need an **improvement in** the weather.

## B

## Adjective + noun suffix

The suffixes **-ness** and **-ity** often form nouns from adjectives.

adjective	noun
<b>weak</b> ( <i>opp</i> strong)	<b>weakness</b>
happy	<b>happiness</b>
<b>ill</b> [sick, not well]	<b>illness</b>
<b>fit</b> [in good condition, usually because of exercise]	<b>fitness</b>
<b>stupid</b> ( <i>opp</i> intelligent, clever)	<b>stupidity</b>
<b>popular</b> [liked by a lot of people]	<b>popularity</b>
<b>similar</b> [almost the same; <i>opp</i> different]	<b>similarity</b>
<b>able</b>	<b>ability</b> ( <i>opp</i> inability)

What is his main **weakness** as a manager?  
 Snowboarding is growing in **popularity**.  
 I'm frustrated by my **inability to** use computers.

Fortunately it wasn't a serious **illness**.  
 There is a **similarity between** them.  
 Her **happiness** is all that matters to me.

## C

**-er, -or and -ist**

These suffixes can be added to nouns or verbs. They often describe people and jobs.

<b>-er</b>	<b>-or</b>	<b>-ist</b>
ballet <b>dancer</b>	company <b>director</b>	<b>artist</b> , e.g. Picasso
pop <b>singer</b>	<b>translator</b>	<b>economist</b>
professional <b>footballer</b>	film <b>actor</b>	<b>scientist</b>

## Language help

Adding a suffix to a verb, adjective or noun may change the position of the main stress, e.g. re'lax – relax'ation, 'stupid – stu'pidity, eco'nomics – e'conomist.  
 (The ' symbol is before the syllable with the main stress.)

# Exercises

**71.1 Complete the tables and mark the stress on each word. (Stress is marked on the pronunciation of a word in a dictionary.) The last two in each column are not on the opposite page, but do you know or can you guess the noun formed from them?**

verb	noun	adjective	noun
dis'cuss	<i>dis'cussion</i>	stupid	
improve		happy	
invent		similar	
relax		popular	
hesitate		sad	
arrange		active

**71.3 Complete the text using words from the box with the correct suffix and spelling. One word also needs a prefix.**

“In his speech last night, the prime minister said that the present <sup>1</sup> *weakness* ..... of the economy was caused by the bad <sup>2</sup> ..... of the last <sup>3</sup> ..... and their <sup>4</sup> ..... to give the right kind of help for industry. He said he was now involved in detailed <sup>5</sup> ..... with ministers, bankers and <sup>6</sup> ..... about a range of different financial measures, and he hoped the people would be able to see a big <sup>7</sup> ..... in the economy by the end of the year.”

B: I know. If he wants to be in the team, he'll have to improve his .....
- 7 A: Do you think the organisation can still grow?  
B: Yes, I think there is an opportunity for further .....

Common suffixes that form adjectives include: **-able** (comfortable), **-al** (musical), **-y** (cloudy), **-ous** (famous) and **-ive** (attractive).

## A

**-al**

Adjectives ending **-al** are usually formed from nouns, and often mean 'relating to the noun', e.g. a **musical** instrument (from music), a **political** issue (from politics), an **electrical** fault (related to electricity), a **personal** opinion (the opinion of one person).

## SHICHI-GO-SAN

*Shichi-Go-San* (meaning 7, 5, 3) is an **annual** ceremony in Japan for three- and seven-year-old girls, and three- and five-year-old boys. It is on November 15, but it is not a **national**<sup>1</sup> holiday, so people often have it on the nearest weekend. Seven, five and three are seen as important years in the growth of a child, and the numbers also have **cultural significance**<sup>2</sup> because odd numbers (1, 3, 5, 7, 9, etc.) are lucky in Japan. This is one of the special days when the older boys and girls are allowed to wear **traditional**<sup>3</sup> clothes: a kimono for girls and hakama trousers for boys. Now it is quite **normal**<sup>4</sup> for children to wear western-style clothes at this ceremony. The children visit a shrine and are then given special sweets called *Chitose-Ame* by their parents.

<sup>1</sup> a holiday for the whole country

<sup>2</sup> they are important in Japanese culture

<sup>3</sup> in a style that has continued for many years

<sup>4</sup> usual

## B

**-able** /əbl/

This suffix forms adjectives from nouns *and* verbs, and the prefix **un-** often forms the opposite: an **enjoyable** party [something that you enjoyed]

a **comfortable** chair (*opp* **uncomfortable**)

a **suitable** word or phrase [right/correct for a particular situation; *opp* **unsuitable**]

a **reliable** service; reliable information [able to be trusted or believed; *opp* **unreliable**]

**fashionable** clothes [popular now with many people; *opp* **unfashionable**]

a **reasonable** decision or price [fair; not a bad decision or price; *opp* **unreasonable**]

a **sociable** person [enjoys being with people; *opp* **unsociable**]

Sometimes the opposite form is the more common adjective:

an **unforgettable** experience [something that cannot be forgotten]

an **unbelievable** story [something that is very surprising and very difficult to believe]

## C

**-ful** and **-less**

The suffix **-ful** often means 'full of' or 'having the quality of the noun', e.g. a **colourful** room has a lot of colour in it; a **helpful** person gives a lot of help; a **peaceful** place is calm and quiet. The opposite meaning is sometimes formed by adding the suffix **-less** to the noun.

a **useful** machine [having a lot of uses; *opp* a **useless** machine]

a **painful** injection [giving pain and being unpleasant; *opp* a **painless** injection]

a **careful** driver [drives with care and attention; *opp* a **careless** driver]

Common **mistakes**

The suffix is **-ful** (NOT ~~full~~), so **useful** and **careful** (NOT ~~usefull~~ or ~~carefull~~).

## C

## Pronunciation

**A** What do we mean by word partners?

If you want to use a word naturally, you often need to know other words that are commonly used with it. These are called word partners or collocations, and they can be different from language to language. For example:

We'll take a short break and then **carry on** [continue] with the meeting.

## A

## Phrasal verbs with no object

Some phrasal verbs don't have an object. We cannot put other words between the parts of the verb.

When does your train **get in** [arrive]?

**Hold on** [wait a moment], I just need to get my coat.

The car **broke down** on my way to work. [stopped working]

I'll **call for** them at 8 o'clock. [go to collect them]

We **set off** [started the journey] about 7.30.

## B

## Phrasal verbs with an object

Many phrasal verbs need an object. We can usually put the object in different positions.

**Put on** your shoes.

**Turn on** the TV.

**Take off** your coat.

**Put** your shoes **on**.

**Turn** the TV **on**.

**Take** your coat **off**.

These are separable phrasal verbs, but if the object is a long phrase, it usually goes at the end, e.g. I **turned off** the lights in the living room. If the object is a pronoun, it must go in the middle, e.g. **Turn it off**.

## Common mistakes

**Put them on.** (NOT Put ~~on~~ them.); **Take it off.** (NOT Take ~~off~~ it.)

There are some phrasal verbs where the object must come after the phrasal verb.

I will **look after** the children for you. [take care of them]

How did the two men **break into** the shop? [enter the shop using force, e.g. breaking a window]

## C

## In dictionaries

Dictionaries usually show the grammar of a phrasal verb like this:

The screenshot shows a dictionary interface with three entries:

- No object**: **hang around** (also UK hang about) to spend time somewhere, usually without doing very much: *There's nowhere for teenagers to go, so they just hang around on street corners.*
- Separable**: **hand sth out** to give something to all the people in a group: *A girl was handing out leaflets at the station.*
- Not separable** (the object must come after the phrasal verb): **get over sth** to begin to feel better after being unhappy or ill: *It took her months to get over the shock of Richard leaving.*

## D

## Style

Phrasal verbs are commonly used in spoken and written English. Many phrasal verbs are quite informal, and sometimes there is a single word with the same meaning as a phrasal verb, which sounds more formal. We use this word instead of the phrasal verb in more formal situations.

**leave sb/sth out** [not include sb/sth; *syn omit*], e.g. He made a list of people but left me out.

**make sth up** [create sth from your imagination; *syn invent*], e.g. We had to make up a story.

**put sth off** [put sth back to a later date; *syn postpone*], e.g. They put the game off till Friday.

**turn sth/sb down** [refuse an offer or request; *syn reject*], e.g. I offered her a job but she turned it down.

Dear Sandy

*an (absolutely) exhausting*

Arrived on Sunday evening after a ~~very~~ *very* tiring journey. We're very pleased with the hotel: our room is very big, and the food is very nice. We've been lucky with the weather as well. The first day was wet but the last three days have been very nice.

Tomorrow we're going to walk the coastal path to Dartmouth Castle. It's quite a difficult route and people tell us it's very important to take a map, but it sounds very interesting, so I'm looking forward to it.

I'll write again in a couple of days and tell you all about it.

love

Benita

## A

**When / As soon as**

The meaning of these two time expressions is almost the same, but **as soon as** suggests something more immediate or important.

I'll phone my uncle **when** / **as soon as** I get home.

**As soon as** / **When** you've finished this exercise, you can go home.

## Common mistakes

I'll see you **when** I **get** there. (NOT I'll see you when I ~~will~~ get there.)

We don't use a future form after *when* / *as soon as*.

## B

**Two things happening at the same time**

Violet got ready **while** I cooked the dinner. [two long actions]

The accident happened **while** I was on my way to work. [a longer action 'on my way to work' and a short action 'the accident'; we can also use **when** or **as** here.]

## C

(*Finally* is used here to introduce the last thing in a list.)

\* one action after another, and so on

## E

**At first ... eventually**

**To begin with**, the two girls got on very well when they shared the flat. But after **a while** [a period of time], they started arguing about various things, and **eventually** [finally, after a long time or a lot of problems] Lauren walked out and found a new place.

**At first** I enjoyed the classes, but after a while it got a bit boring, and **in the end** [finally, after a period of time or thought] I left.

## F

**A list of reasons**

We can use **firstly** / **for one thing** / **for a start** to introduce a first reason for something, and then **secondly**/**besides**/**anyway** to add a further reason.

A: What's wrong with her new dress?

B: **Firstly**, it's a horrible colour, and **secondly**, I don't think it suits her.

## A

**As well (as), what's more, in addition (to), besides**

We often link ideas using *and*, e.g. The food's nice **and** very good value. There are other words and phrases we also use to add more information. Sometimes we still include *and* or *also*.

The restaurant has excellent food; it's **also** very good value.

You always get a good view, *and* the seats are comfortable **as well**. (*syn too*)

**As well as** getting cheaper tickets, I *also* got the opportunity to buy them in advance.

The clothes are nice, *and* **what's more**, the shop is open every day of the week.

**In addition to** the new food department, they're *also* planning to open a café.

**Besides** being a mum with four children, she's *also* a successful designer.

## B

**Although, despite, in spite of**

We use these link words when there are two ideas in a sentence, and the second is surprising or not expected. They can be used at the beginning or in the middle of the sentence.

**Although / Even though** the sun was shining, it wasn't very warm.

We found the place quite easily, **although / even though** we didn't know where it was.

They went for a walk **despite the fact that** it was raining.

**Despite** having no money, he **still** seemed very happy.

They got there on time **in spite of** the delay.

**In spite of** all the problems, we **still** enjoyed the trip.

## Language help

We can use **still** to emphasise that we didn't expect something to happen or be true, e.g. *He didn't do any work but he **still** passed the exam; The work is very hard, but he **still** enjoys it.*

## C

**However, yet, though**

We can use **however** and **yet** when the second part of an idea is surprising after the first part. *However* is often used to link ideas in two separate sentences. **Though** can be used in a similar way in spoken English, but usually comes at the end of the sentence. Notice the use of commas (,) here, and the different positions of *however*.

I don't agree with a lot of his methods. **However**, he is a very good teacher.

We didn't particularly like the house. The garden, **however**, was wonderful.

It was warm and sunny when we were there. Most of the time, **however**, it's quite cold.

We went in the autumn, **yet** it was still quite warm.

I didn't like the film much. I'm glad I went to see it, **though**.

They told us the shop was next to the station. We never found it, **though**.

## D

**While and whereas**

We can use **while** and **whereas** to compare two different facts or situations.

Alex is very quick to understand, **whereas/while** the others are quite slow.

The speed limit on this road is 80kph, **whereas** it's 130kph on the motorway.

## A

**Reason**

I went home early **because** I was feeling tired.

**As/Since** I was feeling tired, I went home early. (We don't usually start a sentence with *because*.)

I was feeling tired, **so** I went home early. (This is very common in spoken English.)

**The reason** I went home early **was that** I was feeling tired.

We can also use **because of** with a different construction. Compare:

They go there **because** the weather is wonderful. (because + noun + verb)

They go there **because of** the wonderful weather. (because of + (adjective) + noun)

**Due to** means the same as **because of**, and is often used to explain the reason for a problem.

The plane was late **due to** bad weather. (**Due to** is often used after the verb *be*.)

## Common mistakes

It's a pity you can't go on holiday **because** Chiclayo is very nice. (NOT It's a pity you can't go on holiday ~~because of~~ Chiclayo is very nice.)

We moved house **because of** my father's work. (NOT We moved house ~~because~~ my father's work.)

## B

**Purpose**

A **purpose** is an intention or reason for doing something.

The **purpose of** the meeting is to plan next year's timetable. [the reason *for* the meeting]

We often introduce a purpose using **so (that)** or **(in order) to**:

I bought this book **so (that)** I **could** improve my English.

They went home early **(in order) to** watch the match on television.

We moved house **so (that)** we **could** send our children to this school.

She went into town **(in order) to** do some shopping.

## C

**Result**

These link words/phrases are used when one thing happens because another thing has happened. **Therefore** and **as a result** are more formal than **so**, and less common in spoken English.

I left my ticket at home, **so** I had to buy another one.

They've got more money, and **therefore** they can afford to buy the best football players.

I forgot to send the email. **As a result**, no one knew about the meeting.

## D

**Conditions**

We sometimes use **whether** [if] when we are not sure about something.

I didn't buy it because I wasn't sure **whether** you'd like it.

I spoke to the others, but I don't know **whether** they're coming.

We'll be late **unless** we leave now. [if we don't leave now]

From next Monday, the council are closing both approach roads to the factory. The <sup>1</sup>  of this, I believe, is to install new gas pipes. <sup>2</sup>  this will create long delays, could I please ask staff to leave home a few minutes early in the morning <sup>3</sup>  everyone gets here on time. The roadworks also mean that you won't be able to park on the street, and <sup>4</sup>  it may be a good idea to leave your cars at home <sup>5</sup>  it is absolutely impossible for you to use public transport.

I haven't been told <sup>6</sup>  the roadworks will continue for the whole week, but I will let you know as soon as possible, and I apologise for the inconvenience.

We often use the uncountable noun **stuff**, especially in spoken English, to refer to an uncountable noun or a group of things. **A The basis of a discursive essay\***

In a discursive essay you have to express your own ideas and **point of view** [opinion]. It is also important to show that you understand **both sides of an argument** [reasons **for** something and reasons **against** something]. This means you need to understand and use different link words and phrases such as **in addition**, **however**, etc. (See [Unit 93](#).)

\* an essay that discusses a subject

**B Expressing a point of view**

**Some people believe** [Some people think] that no one should be sent to prison under the age of 18. There is **an argument** [a reason to think] that everyone should have a university education.

## Language help

You can express a personal point of view with phrases such as **I believe / think that ...** or **It seems to me that ...** but you can also use less personal and direct ways of expressing a point of view, as in the phrases on the left. Many people think it is better not to use *In my opinion* in written essays.

**C Giving both sides of an argument**

**One of the advantages of** being an only child is that you have more attention from your parents. **However**, it can be lonely without the company of brothers and sisters.

**On the one hand**, computers can do so many things faster than human beings. **On the other (hand)**, some people are becoming dependent on them, which is not a good thing.

**D Comparing and contrasting\***

We often **make comparisons** between groups of people, or between the past and the present.

**Compared with / to** my grandparents, I have had much more opportunity to travel abroad.

**In the past** people didn't have computers, **but nowadays** there is one in almost every home.

Most parts of the developed world have become richer in the last thirty years. **In contrast**, many countries in Africa have become much poorer.

\* saying how two things are similar and how they are different

**E Making generalisations**

Sometimes a simple statement is not accurate, e.g. *Young people prefer to watch American films*.

This is not true for *all* young people, so we use certain words and phrases to show that we are

**making a generalisation** [saying that something is true most of the time or in most situations].

**In general**, Japanese society is more focused on groups than individuals. (*syn on the whole*)

Teenagers **tend to** have [usually have] more freedom than in the past.

**F Cause and effect\***

Poor diet and lack of exercise are the main **causes of obesity** [reasons for being very fat].

Obesity is often the **result of** a bad diet and not enough exercise.

People don't eat the right food or get enough exercise, and **consequently** [because of this; *syn as a result*] they put on weight.

Poor diet can cause obesity, and this can have a bad **effect on** people's health.

\* how something happens, and then makes something else happen

## Language help

Don't confuse the verb **affect** and the noun **effect**.

*Pollution can **affect** people's breathing.*

*Pollution can **have an effect on** people's breathing.*

We can use **actually** to give more exact information, as in the letter (*syn in fact*). We also use it a great deal in spoken English to say something which is surprising or different from what you expect, e.g. He looks Italian, but **actually** he's not. (*Syn in fact*) **Actually** does *not* mean *at the moment*, e.g. *The land is **currently** for sale* (NOT *The land is ~~actually~~ for sale*).

Dear Gilberto

I haven't been in <sup>1</sup>  for <sup>2</sup>  – I'm sorry about that. In <sup>3</sup> , I've been really busy <sup>4</sup>  I last wrote because I've got a new job in TV – <sup>5</sup>  it's with the BBC. I'm doing research for various documentary programmes and I'm <sup>6</sup>  to go to Brazil <sup>7</sup>  three months' time. If so, I'll obviously get in touch. It would be great if we could get <sup>8</sup> , and maybe Filipe could <sup>9</sup>  us if he's free. <sup>10</sup> , I'll write again soon. I hope things are going well with you, and <sup>11</sup>  me know when the baby arrives. And, of course, <sup>12</sup>  my love to Teresa.

All the best,
